TerryWhite Chemmart Celebrates Milestone with Opening of 600th Pharmacy

TerryWhite Chemmart is proud to announce the opening of its 600th pharmacy, a significant milestone in its mission to enhance community healthcare across Australia. The new pharmacy, located in Bayswater, Victoria, marked the occasion with a grand opening and celebration over the weekend.

Pharmacy owner Tam Nguyen hosted a lively community event featuring exclusive discounts, exciting prizes, and activities that attracted over local residents. The official ribbon-cutting ceremony was led by Tam, accompanied by TerryWhite Chemmart Executive General Manager, Nick Munroe, alongside John Cullity, CEO of EBOS Group.

"When the team from TerryWhite Chemmart informed me that our Bayswater pharmacy would be the 600th in the network, I felt an immense sense of pride," said Ms. Nguyen. "Our decision to join TerryWhite Chemmart was driven by the brand's commitment to supporting pharmacies in delivering superior health outcomes. Through this partnership, my vision for a true community pharmacy with a strong clinical focus and a robust retail solution has been brought to life."

In the past 24 months, the TerryWhite Chemmart network has expanded significantly, adding 100 new pharmacies across Australia. This growth underscores the brand's dedication to providing pharmacy owners and their teams with cutting-edge tools, technology, and training. TerryWhite Chemmart Bayswater showcases the latest in dispensing technology with the ROWA V-Max and a new Electronic Shelf Label System, which allows for seamless price updates across the entire pharmacy, enhancing efficiency and reducing manual labour.

Nick Munroe, Executive General Manager, reflected on the achievement: "Reaching 600 pharmacies is a testament to the hard work and dedication of every pharmacy in the TWC network. At TerryWhite Chemmart, our goal is to equip our Network Partners with the leading health position in community pharmacy along with the systems, training, and support to offer our customers and patients the highest level of care possible. Today's milestone means that 600 communities now benefit from this commitment to exceptional healthcare."

Mr. Munroe added, "I am thrilled that Tam and her team in Bayswater have chosen to join TerryWhite Chemmart. Their investment in expanding space for pharmacy services through our CareClinic program and enhancing efficiency demonstrates their dedication to patient care."

The celebration of the 600th pharmacy is one of several recent accomplishments for TerryWhite Chemmart. This year, the brand hosted its 10th Annual Masterclass and received the 2024 Inside Retail 'Retailer of the Year Award' for its CareClinic health services program.
